Laminert blomsterkort

02 A piece of laminated pearlescent card with inserted flowers is decorated with organza ribbon. The text is written with power liner markers.

01 Place dried flowers inside a laminating pouch.

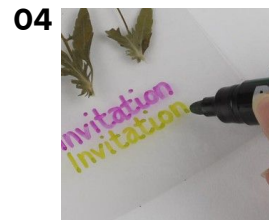

06 Assemble both cards and tie them together with a piece of ribbon.

02 Feed the pouch through the laminating machine.

03 Trim the plastic pouch after the laminating so that it fits the card.

04 Fold the plastic card in the middle. Write text with a permanent marker.

05 Trim the card and score a fold.
